## SUMMIT MISSION

2014 will witness the biggest ever global change to the Internet infrastructure since its creation decades ago which will revolutionize the way all stakeholders including consumers and citizens will use the Internet locally and globally; two certainties are guaranteed

- 1. The change will impact all.
- 2. The speed of change will not be kind to those who sit back and idly watch.

If you are a government leader, a regulatory body, a business innovator, a futurist academia, a brand owner, a start-up business, an entrepreneur, a service provider, or an end user from all over the world, **attend the Multilingual Internet (MLi) Group's GLOBAL SEISMIC INTERNET CHANGE SUMMIT SERIES 2014, in Beirut on 21 – 23 May, 2014..** 

Join us to get ready for this seismic change and huge impulse created by the birth of the new Multilingual Internet Ecosystem, and search how to increase your awareness and preparedness of this global action that will change the internet landscape locally and globally.

#### SUMMIT PROGRAM A THREE-DAY SUMMIT WITH DISTINGUISHED LEADERS, INNOVATIVE EXPERTS AND PROFESSIONALS IN GLOBAL INTERNET CHANGE

Learn more about:

- The Global Seismic Internet Change,
- The New Multilingual Internet Ecosystem,
- Cyber Security and Privacy in the new internet,
- Local Community Empowerment: localization vs. globalization,
- Cyber Security & Privacy, Trade mark and IP protection in the new internet,
- Online Child Protection in the new internet,
- City gTLD, IDN gTLDs in the new internet,
- Internet Governance and Legal Jurisdictions in the new internet.
- Challenges of Smart Cities, Regulators, and Banking Sector players in new Internet Ecosystem

Share the debate with distinguished internet futuristic panelists; get larger scope what the New Multilingual Internet Ecosystem and the Seismic Change to the Internet? Get in-depth knowledge by participating in the simultaneous series of workshops prepared for you.

#### ARE YOU READY FOR THE NEW MULTILINGUAL INTERNET GREATEST **OPPORTUNITIES AND BIGGEST CHALLENGES?**

### **Summit Attached Program**

Attached exhibition and B2B facilitation to the summit are designed to bring in front of governments leaders, innovative corporate & entrepreneurs the great business potential created by the new dynamic of the New Multi-Lingual Internet Ecosystem.

A platform created by the Summit's organizers to share & promote your business portfolio, solutions, and transfer business knowledge to all stakeholders.

## The Change will Impact All ...

### WHY ATTEND THE SUMMIT?

- Today, half of the world's Internet users are in Asia.

 The next Multi-Billion Internet users will not come from the west but from the emerging economies.

 Emerging markets need to proactively re-assess/revise their current strategic & core operating plans vis-à-vis this new Multilingual Internet Ecosystem.

- Get thought leaders about the existing business and growth potential in the emerging markets

- Learn about what others are doing in the new Internet Ecosystem Listen to unpublished recent market research and high level findings on the Internet usability conducted by the MLi Group in key emerging markets.

**BOOK NOW your seat.. RESERVE NOW** your exhibition space, and PREPARE NOW for B2B Business Series Grab the opportunity. Seats and spaces are limited.

## WHY LEBANON?

Beirut, Lebanon has been chosen, as a venue for the Multilingual Internet (MLi) Group's GLOBAL SEISMIC INTERNET CHANGE SUMMIT SERIES 2014 -Middle East and Africa Edition, as this superb cosmopolitan city enjoys many comparative advantages that mainly derive from:

- Its strategic geographical location in the Levant as the gateway to the East and the West.
- Its diversity and its model for successful entrepreneurship.
- Its good relations with all Arab, European, Asian and African countries.
- Its favorable business climate and liberal economy that supports environment for business prosperity.
- Its famous culinary & Mediterranean climate which makes a must "go to" destination.

#### LIVE STREAM

It is a live stream summit where you can attend virtually and contribute in the event. All what you need is an internet signal and a computer to engage the discussion, contact us to book your session.

#### 

#### SOCIAL MEDIA

Engage with social media, Where you can share your new thought about the change of the internet live with others.

**B2B FACILITATION** 

In a changing world, new business challenges will be arisen, needless to say that face to face talk and discussion is still very effective regardless of the communications and channeling platforms. Contact us soon to arrange your B2B needs.

NETWORKING

Learn more about the business potential in the emerging markets created by the global change of the internet industry.

Be one of hundreds of internet industry leaders who are taking part of the exhibition attached to the Summit, and let people know about your potential, services and products that can help them in transforming to smart business solutions.
